Who's the kid?
Oh?

Please take care of me.
A first year.
She says she wants to join us.

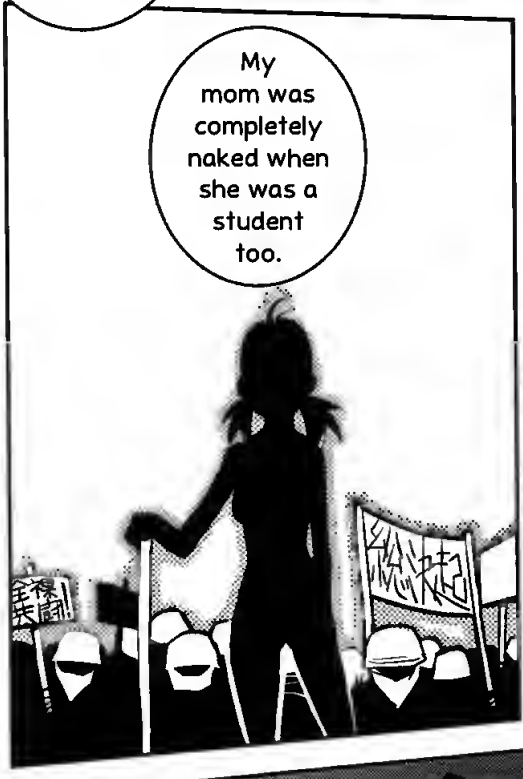
What you're imagining now isn't real nudity.
This nudity is more than the nudity you're thinking of.
It's half nudity that's close to full nudity.

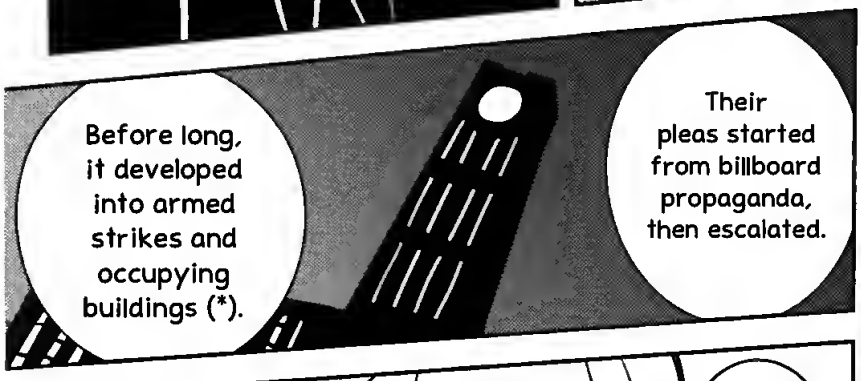
When I entered high school, I promised myself that I would make my naked debut.
I always wanted to be completely naked.

I wonder if you can endure it.
The naked path is one of sacrilege.

You won't have small change so you can't buy juice.
And you'll basically be living off tap water throughout the year.
When they say "It's too big for our pockets",
We have no pockets.
We cross through thorny roads and frozen nights completely naked.

TN: Reference to Lupin's lines near the end of Castle of Cagliostro.





Before long, it developed into armed strikes and occupying buildings (*).
Their pleas started from billboard propaganda, then escalated.

They literally started with nothing but their naked bodies.
But full nudity wasn't as acknowledged as it is now.
My mom and her few comrades fought the system together.

* Later known as the Yasuda Hall Nudity Incident.

Amdist that, my mom met my dad.
The two of them began a literal naked association.
Before long, the nudity movement died down,
And my mom kept cursing the excessive nudity of her youth...
Is that so...
But,
My dad only wanted my mom's assets.
My mom was literally stripped of every-thing and thrown aside.
We're sorry. We treated you half nakedly.
You have to be completely naked as your mom was.
Also, we will literally share our body heat with you.
Senpai...
The Full Nudity Movement Anthem
Our vaginal vestibules linger in the wind
And get stung by bugs in the glans clitaridis
Are clothes really that magnificent?
Where can we be fully nude
And feel like we belong?
A single tear drop
Falls
On my groin
Alas!
A single tear drop
Okaaay, time for the welcome party!
We're heading to the Wend**s at Roppongi!
But we don't have any coins so we're just looking.
Okay!

TN: The expression "人肌脱ぐ" literally means 'strip bare' but figuratively means 'pitch in and help'. So I changed the expression to create a similar English meaning.

TN: Everything is a reference to the Japanese student movement in the 70's. The accupation of the Yasuda Hall is considered by some as the beginning of the end of the movement.
